

Make the most of Tee-time

Promote your business at Fulford Heath Golf Club On a quality Tee-Sign

Golfers love telling us how much business is done on the golf course, and it's true!

Be part of it by investing in a permanent presence on one of the 18 holes at Fulford Heath Golf Club near Solihull.

Nearly 50,000 rounds of golf are played each year at the club, with several minutes spent at every tee. That's a lot of time looking at your message on the Tee Sign.

The Tee Sign displays essential information, including an 'overview' graphic of the hole itself. Next to this, as you can see from the example shown, is the advertisement area, tastefully mounted in solid hardwood.

Nearly all of the Tee Signs have been reserved by prestige Local companies who recognise the value of this audience to their business. These include luxury car brands, classic car distributors, and companies promoting fashion, quality accommodation and dining.

However, a few remain available, prices start at only £450 + VAT for a one-year presence on a Tee Sign. Included in this price are all design, artwork and installation costs.

**Avoid disappointment and grab one of the last Tee Sign slots.
Once these are filled, they will not become available for at least a year.**
